- Data Modules
- Administration
- Senturus Overview
- Additional Resources
- Q&A

# Introduction: Today's Presenters

---

**Todd Schuman**

Practice Lead  
Installations, Upgrades,  
and Optimization  
Senturus, Inc.

**Greg Herrera**

President and Co-Founder  
Senturus, Inc.

# Poll

---

Are you planning on upgrading/migrating Cognos Analytics version 11?

- Yes, in the next 3 months
- Yes, within the next 4-6 months
- Yes, within the next 7-12 months
- TDB - we will create a dev/test environment first
- Not sure/never

**SENTURUS**

## DASHBOARDS

# Dashboards

---

- Still limited to file uploads and/or data modules
  - Workaround
- Drag and drop visualizations and filters
- Multiple sources
- Create engaging and visually stunning dashboards quickly

**SENTURUS**

## DATA MODULES

# Data Modules

---

- Set up data servers
- Module creation process
- Intent
- Custom groups
- Calculations
- Joins
- “Try it”

**SENTURUS**

## **ADMINISTRATION**

# Administration

---

- Control limit file upload size
- Restrict access to data servers
- Manage schedules and batch jobs
- Portal tab migration plan
- Motio PI Pro
- Request for enhancement website

# Motio PI Pro - Batch Set Interactive Mode

The screenshot displays the Motio PI Pro Property Distributor interface. The left sidebar contains navigation options: Environment, Content, User Content, User Access, Cognos Output, Schedule, Validation, Orphaned Objects, Execution Time, Spec Viewer, Model, Property Distributor (highlighted), Search & Replace, Schedule Delivery, User Preferences, and Templizer.

The main window is titled "Property Distributor" and shows the configuration for a template object. The "Select Template Object" field is set to "/Team Content/C11 Migration Demo/Product Line Sales by Year WSA".

Below this, the "Template Properties" section is visible, with the "Retentions" property set to "Run in Advanced Viewer = true".

The "Select Target Object(s)" section shows the search criteria: "Search In: Team Content", "Update for: Report", and "Narrow Search: All content within 'Team Content'".

The bottom section displays a list of objects with columns for Name, Type, and Search Path. The list includes various reports and models, such as "1. My first report", "2. My first report (part 2)", "2011 Quarterly Sales Forecast", "2011 Sales Summary", "Agent execution history by user", "Baselines", "Bonus Report", "Briefing Book", "Budget vs. Actual", "Burst Sales Performance Report", "Burst Sales Performance Report", "Compensation (hidden)", "Customer Contact Report", "Customer Fulfillment Report", "Customer Returns and Satisfaction", "Customer satisfaction and returns", "Daily metric exceptions", "Date Between List", "Date Range List", "Drillable Column Chart", "Employee expenses", "Employee expenses (report)", "Employee satisfaction", "Employee Satisfaction", "Employee Satisfaction 2012", "Employee Satisfaction - Accessible", "Employees Expenses by Region", "Employee survey", "Employee Training by Year", and "Employee Training Cost".

At the bottom right, there are buttons for "Reset", "Submit", and "Preview". The "Submit" button is highlighted with a red box.

## Cognos 11 Ability To Set Or Modify The Home Screen

I want to be able to modify the home page that people see when they log in.  
Note: I did NOT ask how a user can CHANGE the home page. That is clear.

I want to modify the default page that EVERYONE s...

# Prepare for Cognos Analytics v11: Two Options

---

## Both Options Include

- Conversion of Query Studio Reports to Report Studio/Workspace Advanced using Motio PI Pro

## Option 1: Upgrade Strategy

- Motio PI Pro 1 Year License
- Installation and Configuration of Motio PI Pro
- Conversion of QS content to RS+
- Upgrade strategy assistance including identifying:
  - Content that must be converted manually
  - HW and SW dependencies
  - Organization specific issues for v11
  - Upgrade assistance estimate

## Option 2: Expert Support

- Motio PI Pro 1 Year License
- Installation and Configuration of Motio PI Pro
- Conversion of QS content to RS +
- 16 hours of support from the extended Senturus team of specialists, including upgrade/ installation practice

**\$5,995 for either option**
