Summary Wrap-up

Dashboard Art of the Possible

Bring us a dated, labor intensive, high-visibility report (in Excel or other) and one of our senior BI architects will show you what is possible with improved visualizations and self-service capabilities in Cognos Analytics, Tableau or Power BI.

During this short engagement we will:

- Understand business needs
- Conduct a data preparation/architecture review and provide recommendations
- Review deployment plans and security requirements
- Interpret requirements to optimize BI reporting
- Produce sample report or dashboard
- Discuss training options
